SOUTH SEAS
ISLAND RESORT
CAPTIVA ISLAND, FLORIDA

For generations, South Seas Island Resort has been a special place where happy memories and lifetime experiences are created. We recognize, along with all of you, a deeper appreciation of the things we hold dearest – our health, family and friends. It is with this we welcome you to our island paradise.

At South Seas, the highest priority remains your health and safety along with the safety of our associates. While cleanliness and safety have always been at a high standard, we have elevated our standards for hygiene, cleaning, and safety even more rigorously.

Our heightened sanitation procedures and best practices are rooted in the CDC guidelines, and we are following guidance from public health authorities and our management company.

We are proud to advise the vast majority of our outlets are operational and ready for your enjoyment; however, some outlets may have reduced hours or limited services. For the health and safety of our guests and employees, masks are required at all indoor public spaces (Starbucks, Captiva Provisions Company, Ships Store, Real Estate Office, the resort lobby, meeting spaces, etc.) During your visit, we ask that you maintain proper handwashing protocols and appropriate social distancing with other guests and the staff of the hotel.

We will not be able to offer any early check-in or late checkout requests until further notice, due to the time it takes to clean and sanitize the unit for the next guest arrival.

For the safety of our guests and staff, and consistent with Centers of Disease Control and Prevention (CDC) guidance, we ask all persons who believe they may have COVID-19, or who are awaiting test results for COVID-19 to refrain from checking into the hotel until they are cleared by a medical professional. If you are required to quarantine or if you test positive for COVID-19 during your stay at the hotel we request you quarantine in your room and immediately contact the hotel general manager to discuss next steps. In the event you are diagnosed with COVID-19 within 15 days of departure we ask that you notify the hotel so we may take the necessary guest and associate precautions.

Some Changes you can expect:

- The resort no longer offers daily housekeeping services; all rooms have been cleaned and sanitized prior to your arrival. Please contact our guest service team by dialing 0 on your guest room phone if you request to have fresh linens, towels or additional amenities delivered and placed outside your guest room door. Please leave your used terry or linens in the bag provided outside your door and a member our staff will retrieve these items.
- If you have trash to be disposed of, please place your trash in, the nearest receptacle located on your villa or hotel floor, or under the building. There will be extra trash bags left in your guest room.
- If at any time a staff member is requested or required to enter your guestroom for maintenance issues we will require the guests to practice social distancing. Our staff will be required to wear appropriate PPE equipment.
- While most of our services are completely operational, we do apologize for those in which we have had to modify. We appreciate your understanding during these ever-changing times. What has not changed, however, is our iconic 330-acre wildlife preserve and miles of pristine white sand beach to share treasured moments and make lasting memories. Please feel free to contact me if I can be of further assistance.

Welcome To Island Life

Shawn D. Farrell
General Manager
